DEDICATION

Stephen D. Uhlman

Stephen D. Uhlman served the community for many years as an elected Fire Ward as well as a Captain in the Fire Department. Steve also was a member of the Parks and Recreation Commission.

Steve was very well known to many people, not only in Ashland, but in the surrounding communities for his quiet manner and willingness to help others.

His dedication to his family and the community will be long remembered.

IN MEMORIAM

Beverly Manyk Morton

Beverly was an elected Library Trustee and served on the Planning Board. She also served as secretary for the Budget Committee, the Planning Board, and the Ashland School Board.

Bev enjoyed her life to the fullest. Her winning smile and enthusiastic manner will be missed.

Selectmen's Report

1988

The year 1988 was relatively easy for the Board of Selectmen due to the fact that we had Ray Marchand on board as Town Manager.

The Board settled the dispute on the Rollins Block with the Cathedral of the Beechwoods' taking back ownership of the building.

This past year numerous trips were made to Concord over the dispute with the State of New Hampshire concerning the closure plan for the landfill site and the monitoring wells located at the landfill site.

Thanks to the relentless effort of Town Manager, Ray Marchand, this was settled in favor of the Town with a savings in the vicinity of \$100,000.

On going discussions with the developer of the Pease Estate have been taking place all year. This developer will install the sewer line from the Pease Estate down River Street to the existing line at the corner of Riverside Drive and River Street. This project will be done without any cost to the Town of Ashland.

The Board would like to publicly thank Ray Marchand for his tireless efforts on behalf of the Town of Ashland. The Town has profited by his expertise and devotion to the job. It is going to be difficult to replace him.

Respectfully submitted,
Harold Landroche, Chairman
Arnold Cummings
Donald Prescott
Board of Selectmen

Town Manager's Report

1988

To the citizens of Ashland:

Much of our time and effort during 1988 was devoted to blocking attempts by state bureaucrats to force the Town into costly expenditures involving the landfill and the water system. Despite a constitutional prohibition upon the state involving mandated programs, state officials continue to order selectmen and school boards to comply with mandates, which are not funded by the state.

At the 1988 Town Meeting, the voters overwhelmingly supported our decision to refuse to comply with orders requiring a closure plan and construction of test wells at the landfill and a filtration plant and the upgrading of the water distribution system without state funding. The total projected cost of both orders could exceed \$2,000,000.

By authorizing the Board of Selectmen and the Town Manager to refuse to comply and to litigate, if necessary, the Town sent a clear message to state officials and thus became the first municipality to challenge such orders.

Officials of the Water Supply and Pollution Control Division sent the Ashland water system case to the Attorney General's office early in 1988. However, the Town has heard nothing on the issue. It appears as if the state is not prepared at this time to battle further on the water issue.

However, the battle over the landfill, which began in January, was not settled until June. The Solid Waste Management Council, a group of citizens appointed by the governor, appeared quite willing to meet our challenge. After several hearings and the institution of litigation by the Town, state officials, upon the advice of the Attorney General's staff, withdrew the order. The Town prevailed. Hopefully, state officials will be more careful the next time they consider ordering the citizens of Ashland to comply with illegal orders.

The support of the citizens and the Selectmen allowed Town Counsel Charles Bradley to pursue the matter to its rightful conclusion.

Alas, in my 1987 report, I begged citizens to attend my monthly meetings in order to receive your input, but unfortunately to no avail. I was the only one who attended those meetings. Although I feel citizen participation is absolutely essential in any democracy, I have reluctantly eliminated the meetings. However, if you need to discuss any matter with me, I can still be found at the Town Office or on the streets.

During my years in Ashland, one of our main goals has been stabilization of the municipal portion of the tax rate. We have each year submitted budgets to the Budget Committee, which guaranteed a decrease in the town's share of the tax rate. Moreover, we have returned a combined surplus of almost \$500,000 in the town's account alone during 1987 and 1988. But it becomes more difficult each year with the continued growth in the community.

I wish to express my sincere appreciation to Mike Landroche, Arnold Cummings, and Don Prescott for their support during this past year. Of course, Ashland could not be the community it is without the volunteers, who serve the Town so well. Although I should not single out any individuals, I cannot overstate the dedication of David Ruell and Tom Winn to this community. Ashland is truly fortunate to have these two remarkable citizens.

Finally, I cannot leave Ashland without publicly thanking the following staff members, who have made my job much easier and relatively enjoyable. Ashland is fortunate to have Rosie McNamara, Sylvia Eschenbach, Kay Mudgett, Maureen Evleth, Pauline Heath, Ernie Paquette, Skip Fields, Mark Ober, Tom Marsh, Wayne Hughes, Bette Fields, Alan Cilley, Steve Lyford, Jim Godville, Rusty Cross, Donny Boynton, Lee Nichols, Howard Beaudry, Poochie Tarr, Harold Woodard, Maggie Winn, Mike Hunter, Paul Holt, John Horgan, Jack Kelliher, Gloria Gammons, and Frances Platt as public servants.

I have truly enjoyed my years in Ashland and I can only hope that I have made a small contribution to the betterment of this fine community. So long.

Respectfully submitted,
Ray Marchand
Town Manager

Ashland Town Warrant 1988

The State of New Hampshire

To the Inhabitants of the Town of Ashland, in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Ashland Fire Station in said Town on Tuesday, March 8, 1988 from 9:00 AM to 6:00 PM to act upon the following articles.

ARTICLE 1. To choose all necessary Town Officers for the year ensuing.

ARTICLE 2. To vote upon the proposed amendments to the Zoning Ordinance of the Town of Ashland as recommended by the Planning Board by approving the following questions:

Are you in favor of the adoption of Amendment No. 1 as proposed by the planning board for the town zoning ordinance as follows:

The amendment changes the minimum land area requirement for each dwelling unit on lots with three or more dwelling units (2.3e) a) by expanding the requirement to cover mobile homes as well as dwelling units, and b) by increasing the land area requirement for each dwelling unit and mobile home from 20,000 square feet to 40,000 square feet in the Rural Residential District? (Lots with less than three dwelling units and/or mobile homes would still not be subject to this requirement.)

_____ Yes

_____ No

Are you in favor of the adoption of Amendment No. 2 as proposed by the planning board for the town zoning ordinance as follows:

The amendment updates a reference in the penalties section (8.2b) to a state law that has been replaced by a differently numbered state law?

_____ Yes

_____ No

Are you in favor of the adoption of Amendment No. 3 as proposed by the planning board for the town zoning ordinance as follows:

The amendment clarifies the language on mobile homes in the Rural Residential District, defines mobile home park, allows mobile home parks only by special exemption, uses the word "site" in place of "lot" for individual

_____ Yes _____ No

The amendment clarifies the calculations of lot size (by referring to all

_____ Yes _____ No

The amendment changes the minimum land area requirement for each

_____ Yes _____ No

The amendment allows approval of special exemptions only if the use

_____ Yes _____ No

The amendment states more clearly that a permit is required for any

_____ Yes _____ No

Are you in favor of the adoption of Amendment No. 8 as proposed by the planning board for the town zoning ordinance as follows:

The amendment regulates home businesses in the Village Residential and Rural Residential Districts by reducing the size of on premise signs, limiting external evidence of the business to signs and the outside parking of two business vehicles, prohibiting outside storage of the business' materials and equipment, and prohibiting the outside overnight parking of certain types of vehicles, including busses, heavy trucks, and tractor-trailers?

_____ Yes

_____ No

Are you in favor of the adoption of Amendment No. 9 as proposed by the planning board for the town zoning ordinance as follows:

The amendment requires, in all districts except the Rural Residential District, that 10% of the lot be allotted to green space and that additional recreational areas be reserved on any lot with three or more residential units?

_____ Yes

_____ No

ARTICLE 3. To vote upon the proposed amendments to the Building Regulations of the Town of Ashland as recommended by the Planning Board by approving the following questions:

Are you in favor of the adoption of Amendment No. 1 as proposed by the planning board for the town building code as follows:

The amendment revises the standards for the construction of buildings and utilities and for the placement of manufactured homes in flood hazard areas, changes the flood hazard map reference, adds a definition of "manufactured home", and establishes regulations for the alteration and relocation of watercourses and floodways?

_____ Yes

_____ No

Are you in favor of the adoption of Amendment No. 2 as proposed by the planning board for the town building code as follows:

The amendment adopts the 1987 Edition of the BOCA Basic Building Code, with the exception of certain administrative sections, in place of the 1981 Edition now adopted?

_____ Yes

_____ No

Are you in favor of the adoption of Amendment No. 3 as proposed by the planning board for the town building code as follows:

The amendment adopts the 1985 Edition of the Life Safety Code, in place of the 1981 Edition now adopted?

_____ Yes

_____ No

ARTICLE 4. To vote upon the transfer of the powers and duties of the office of collector of taxes to the office of town manager as provided in Chapter 37:16 of the Revised Statutes Annotated.

ARTICLE 5. To transact any other business which may legally come before said meeting.

Given under our hands and seal this 19th day of February in the year of our Lord, nineteen hundred and eighty-eight.

Harold Landroche
Arnold Cummings
Board of Selectmen, Ashland, NH

A true copy of Warrant: Attest

Harold Landroche
Arnold Cummings
Board of Selectmen, Ashland, NH

NOTE: The business portion of the Town Meeting for the ensuing year will be held Saturday, March 12, 1988 at 2:00 PM at the Ashland High School Gymnasium.

We hereby certify that we gave notice to the inhabitants within named to meet at the time and place and for the purpose within mentions, by posting up an attested copy of the within WARRANT at the place of the meeting within named, and like attested copy at the TOWN OFFICE, being a public place in said Town, on the nineteenth day of February, 1988.

Harold Landroche
Arnold Cummings
Board of Selectmen, Ashland, NH

Rosemarie McNamara
Notary Public
My Commission Expires: April 23, 1991

Ashland Town Warrant 1988

The State of New Hampshire

To the Inhabitants of the Town of Ashland in the County of Grafton in said State; qualified to vote in Town Affairs.

You are hereby notified to meet at the Ashland High School Gymnasium in said Town on Saturday, March 12, 1988 at 2:00 PM to act upon the following articles.

NOTICE: Town Officers to be elected at the General Town and School Election to be held at the Ashland Fire Station from 9:00 AM to 6:00 PM on Tuesday, March 8, 1988.

ARTICLE 1. To see if the Town will vote to amend the Zoning Ordinance of the Town of Ashland as recommended by the Planning Board by approving the following amendments:

AMENDMENTS TO ZONING ORDINANCE

1. Population Density. Amend 2.3e by a) increasing the minimum land area required for each dwelling unit in the Rural Residential District from 20,000 square feet to 40,000 square feet; and b) making the minimum land area requirements apply to mobile homes as well as to dwelling units.

The amended section would read as follows:

2.3e Population Density. All lots with three or more dwelling units and/or mobile homes shall have the following minimum land area for each dwelling unit and mobile home:

Commercial District: 5,000 square feet per dwelling unit or mobile home

Village Residential District: 5,000 square feet per dwelling unit or mobile home

Rural Residential District: 40,000 square feet per dwelling unit or mobile home

Industrial District: If three or more dwelling units and/or mobile homes are allowed by special exception, then the lot shall comply with the minimum land area requirement for Village Residential lots if sewered, and with the minimum land area requirement for Rural Residential lots if unsewered.

2. Penalties Reference. Amend 8.2b by changing the reference to the New Hampshire R. S. A. section, to reflect a change in state law. The last sentence of 8.2b would read, if amended, as follows:

In addition, after conviction, the additional penalties provided for by RSA 676:17 may apply.

3. Mobile Homes and Mobile Home Parks.

a. Amend 2.2d by rewording the permitted use for mobile homes, so that it reads as follows:

2.2d Rural Residential. This district provides for low to medium density rural living, open space, and the protection of environmentally sensitive areas (such as wetlands, floodplains, poor soils, and steep slopes).

The following uses are permitted:

- single and two-family dwellings
- multi-family dwellings with no more than six units per structure
- cluster residential development
- a mobile home on an individual lot
- agricultural, forestry, and farming uses
- home businesses as defined in Article 10
- accessory uses (garages and outbuildings)

b. Amend sections 5.4a, 5.4c, 5.4d, 5.4e, 5.4f as follows:

5.4a No mobile home park shall be constructed on less than ten acres of land. No mobile home park shall be permitted within the Pemigewasset Overlay District. In all other districts, mobile home parks shall be permitted only by special exception.

5.4c A separate, clearly defined site shall be provided for each mobile home. Each site shall have a minimum area of 10,000 square feet in the Village Residential District, Commercial District, and sewer portions of the Industrial District, and a minimum area of 30,000 square feet in the Rural Residential District and unsewered portions of the Industrial District.

5.4d Each mobile home site shall be provided with paved off-street parking of 300 square feet.

5.4e A useable area of no less than 1,000 square feet per mobile home site shall be set aside and maintained for joint use of all occupants of the mobile home park.

5.4f Within the minimum ten acres, but in addition to the land requirements stated in 5.4c and 5.4e, a thirty-five foot buffer strip shall be maintained along all boundaries and public roads. Within this space a dense visual screen of suitable shrubs and trees six feet or more in height shall be provided. Such open space shall not be built upon, nor used for parking.

(sections 5.4b and 5.4g remain unchanged)

c. Add the following definition to Article 10:

Mobile Home Park—A lot with three or more mobile homes.

d. If Amendment 1 is adopted, amend 2.3e to exempt mobile home parks. The amended section would read as follows:

2.3e Population Density. All lots with three or more dwelling units and/or mobile homes (except mobile home parks) shall have the following minimum land area for each dwelling unit and mobile home:

Commercial District: 5,000 square feet per dwelling unit or mobile home

Village Residential District: 5,000 square feet per dwelling unit or mobile home

Rural Residential District: 40,000 square feet per dwelling unit or mobile home

Industrial District: If three or more dwelling units and/or mobile homes are allowed by special exception, then the lot shall comply with the minimum land area requirement for Village Residential lots if sewerred, and with the minimum land area requirement for Rural Residential lots if unsewerred.

4. **Lot Size Calculation.** Amend 2.4 to clarify the calculations of lot size and to decrease the reduction in lot size allowed in subdivisions with community or municipal water supply. The amended article would read as follows:

2.4 Each lot shall meet all standards for lot size, including

2.3c (District and Overlay District standards)

2.3e (Lots with three or more dwelling units)

(Note: If Amendment 1 is adopted, this line shall read as follows:

2.3e (Lots with three or more dwelling units and/or mobile homes)

2.4a (Lots without town sewerage)

2.4c (Cluster developments)

5.1 (Waterfront access lots)

5.4 (Mobile home parks)

5.5 (Recreational camping parks)

2.4a The size of lots without town sewerage shall be determined by the following Soils and Slopes Table and accompanying formulas.

Soil Type	Slope	Lot Size
Adams, Agawam, Colton, Herman, Hinckley, Windsor	0 - 8%	40,000 sq ft
	► 8 - 15%	45,000 sq ft
	► 15 - 25%	60,000 sq ft
Becket, Waumbek	0 - 8%	50,000 sq ft
	► 8 - 15%	75,000 sq ft
	► 15 - 25%	100,000 sq ft
Canaan-Hermon sandy loams (52), Deerfield, Duane, Skerry	0 - 8%	60,000 sq ft
	► 8 - 15%	80,000 sq ft
	► 15 - 25%	120,000 sq ft
Canaan-Hermon rocky-loams (53,53R)	0 - 8%	80,000 sq ft
	► 8 - 15%	100,000 sq ft
	► 15 - 25%	160,000 sq ft
AuGres, Freshwater Marsh, Leicester, Limerick, Mixed Alluvial, Ondawa, Podunk, Ridgebury, Riverwash, Rumney, Saco, Scarboro, Suncook, Walpole, Whitman	These soils cannot be included in determining minimum lot sizes, and septic systems are not permitted on them.	

2.4a (continued)

For a single family residence of not more than 4 bedrooms, the minimum lot size shall be as listed in the Soils and Slopes Table. For each residential building of 5 to 10 bedrooms, the minimum lot size shall be determined as follows:

$$\frac{(\text{number of bedrooms})}{4} \times (\text{minimum lot size from Soils and Slopes Table})$$

For each residential building of more than 10 bedrooms, and commercial and industrial uses, the minimum lot size shall be determined by reference to the regulations of the New Hampshire Water Supply and Pollution Control Commission.

Wetlands and areas with slopes over 25 percent may not be included in any part of the minimum size.

In subdivisions with a community or municipal water supply, the minimum lot size may be decreased by 33⅓ percent from the minimum lot size as determined from the Soils and Slopes Table. No such lot, however, shall have an area of less than 40,000 square feet.

2.4b In subdivisions where lots are 10 acres or less, the depth of any lot shall be no more than 4 times its frontage.

2.4c The total land area in a cluster development shall equal the minimum lot size requirement as established in 2.3c times the number of lots and/or dwelling units.

5. Population Density in the Pemigewasset Overlay District.

Amend 2.3e by a) establishing a separate minimum land area requirement of 60,000 square feet for each dwelling unit in the Pemigewasset Overlay District; and b) making the minimum land area requirements apply to mobile homes as well as to dwelling units.

The amended section would read as follows:

2.3e Population Density. All lots with three or more dwelling units and/or mobile homes shall have the following minimum land area for each dwelling unit and mobile home:

Commercial District: 5,000 square feet per dwelling unit or mobile home

Village Residential District: 5,000 square feet per dwelling unit or mobile home

Rural Residential District: 20,000 square feet per dwelling unit or mobile home

Industrial District: If three or more dwelling units and/or mobile homes are allowed by special exception, then the lot shall comply with the minimum land area requirement for Village Residential lots if sewered, and with the minimum land area requirement for Rural Residential lots if unsewered.

Pemigewasset Overlay District: 60,000 square feet per dwelling unit or mobile home. (This requirement shall take precedence over the Rural Residential District or Industrial District requirement.)

If Amendment 1 is also adopted, then the amended section shall read as follows:

2.3e Population Density. All lots with three or more dwelling units and/or mobile homes shall have the following minimum land area for each dwelling unit and mobile unit:

Commercial District: 5,000 square feet per dwelling unit or mobile home

Village Residential District: 5,000 square feet per dwelling unit or mobile home

Rural Residential District: 40,000 square feet per dwelling unit or mobile home

Industrial District: If three or more dwelling units and/or mobile homes are allowed by special exception, then the lot shall comply with the minimum land area requirement for Village Residential lots if sewered, and with the minimum land area requirement for Rural Residential lots if unsewered.

Pemigewasset Overlay District: 60,000 square feet per dwelling unit or mobile home (This requirement shall take precedence over the Rural Residential District or Industrial District requirement.)

If Amendment 3 is also adopted, then the amended section shall read as follows:

2.3e Population Density. All lots with three or more dwelling units and/or mobile homes (except the mobile homes in mobile home parks) shall have the following minimum land area for each dwelling unit and mobile home:

Commercial District: 5,000 square feet per dwelling unit or mobile home

Village Residential District: 5,000 square feet per dwelling unit or mobile home

Rural Residential District: 20,000 square feet per dwelling unit or mobile home

Industrial District: If three or more dwelling units and/or mobile homes are allowed by special exception, then the lot shall comply with

the minimum land area requirement for Village Residential lots if sewerred, and with the minimum land area requirement for Rural Residential lots if unsewerred.

Pemigewasset Overlay District: 60,000 square feet per dwelling unit or mobile home (This requirement shall take precedence over the Rural Residential District or Industrial District requirement.)

If Amendments 1 and 3 are both adopted, then the amended section shall read as follows:

2.3e Population Density. All lots with three or more dwelling units and/or mobile homes (except the mobile homes in mobile home parks) shall have the following minimum land area for each dwelling unit and mobile home:

Commercial District: 5,000 square feet per dwelling unit or mobile home

Village Residential District: 5,000 square feet per dwelling unit or mobile home

Rural Residential District: 40,000 square feet per dwelling unit or mobile home

Industrial District: If three or more dwelling units and/or mobile homes are allowed by special exception, then the lot shall comply with the minimum land area requirement for Village Residential lots if sewerred, and with the minimum land area requirement for Rural Residential lots if unsewerred.

Pemigewasset Overlay District: 60,000 square feet per dwelling unit or mobile home (This requirement shall take precedence over the Rural Residential District or Industrial District requirement.)

6. Property Values to be Considered for Special Exceptions.

Amend 7.3a to allow approval of a special exception only if the use will not reduce the property values in the surrounding area, as well as in the district. The amended section would read as follows:

7.3a The Board of Adjustment may approve a special exception only if:

- the specific site is an appropriate location for the intended use or structure
- the use will be compatible with neighboring land uses
- the property values in the district and in the surrounding area will not be reduced by such a use
- there will be no nuisance or serious hazard to vehicles or pedestrians
- adequate and appropriate facilities will be provided for the proper operation of the proposed use

- the proposed use will comply with the minimum lot size, frontage, and setback requirements set forth in 2.3
- existing roads and highways are capable of carrying the additional traffic.

7. Mobile Home Permits. Amend 5.3a to more clearly state the requirement for mobile home permits. The amended section would read as follows:

5.3a No mobile home shall be allowed within the Town of Ashland without a permit issued by the Building Inspector.

8. Home Businesses.

a. Amend sections 2.2c and 2.2d to add cross references to the new section 5.6 on home businesses. The amended sections would read as follows:

2.2c Village Residential. This district provides for residential neighborhoods that are adjacent or close to commercial areas, schools, and fire and police protection. Areas designated as "Village Residential" are generally served by public water and sewer lines. The following uses are permitted:

- single and two-family dwellings
- multi-family dwellings
- home businesses that comply with the standards in 5.6 and the definition in Article 10
- accessory uses (garages and outbuildings)

2.2d Rural Residential. This district provides for low to medium density rural living, open space, and the protection of environmentally sensitive areas (such as wetlands, floodplains, poor soils, and steep slopes). The following uses are permitted:

- single and two-family dwellings
- multi-family dwellings with no more than six units per structure
- cluster residential development
- mobile homes on individual lots (Note: If Amendment 3 is adopted, this line shall read "a mobile home on an individual lot")
- agricultural, forestry, and farming uses
- home businesses that comply with the standards in 5.6 and the definition in Article 10
- accessory uses (garages and outbuildings)

b. Amend 4.3 by adding a new section 4.3e, on home business signs, and renumbering the present 4.3e as 4.3f and the present 4.3f as 4.3g. The new section would read as follows:

4.3e The on premise signs for home businesses in the Village Residential and Rural Residential Districts shall not exceed eight square feet in area.

c. Add a new section (5.6) on Home Businesses. The new section would read as follows:

5.6 Home Businesses. Home businesses permitted in the Village Residential District and the Rural Residential District shall comply with the following standards. Businesses in these districts that do not comply with these standards (save for the agricultural, forestry and farming uses permitted in the Rural Residential District) are allowed only with a special exception granted by the Board of Adjustment.

5.6a The business must be conducted within the dwelling by the residents thereof.

5.6b No more than two persons, other than family members, may be employed in the business, on the premises in the Village Residential or Rural Residential District.

5.6c The business shall not materially affect the residential character of the building or the area. There shall be no external evidence of the business, except for the signs permitted in 5.6d and the outside parking of no more than two registered business vehicles.

5.6d The on premise signs for the business shall not exceed eight square feet in area.

5.6e There shall be no outside storage of materials or equipment used for the business.

5.6f There shall be no overnight outside parking of vehicles defined in N.H.R.S.A. 259 as Bus, Combination Vehicle, Motor Truck, Semi-trailer, Tractor-trailer, and Truck-tractor.

9. Green Space

a. Amend 2.3c to add requirements for green space and recreational areas, by adding a new column and a new footnote to the table in 2.3c. The additions would read as follows:

	Minimum % of Lot Allotted to Green Space
Commercial w/S&W	10% (g)
Commercial w/o S&W	10% (g)
Industrial	10% (g)
Village Res w/S&W	10% (g)
Village Res w/o S&W	10% (g)
Rural Residential	10% (g)
Pemigewasset Overlay	

(g) All lots with three or more residential units in the Commercial, Industrial, and Village Residential Districts shall provide for recreation or playground purposes, in addition to the minimum percentage for green space, 500 square feet plus an additional 100 square feet for each residential unit over three.

b. Amend 2.3c by relabeling the footnotes, replacing the present symbols with letters. The changed footnote symbols would be as follows:

- (+) -- (a)
- (-) -- (b)
- (&) -- (c)
- (=) -- (d)
- (#) -- (e)
- (*) -- (f)

c. Amend Article 10 by adding a definition of Green Space. The new definition would read as follows:

Green Space — Land not covered by impervious cover which is capable of growing grass, plants, shrubs, trees or similar ground cover. Such land which does not have any of the above listed landscaping shall be developed and maintained with these landscaping features. The use of wood chips shall be limited to beneath trees or shrubs, or to areas where the maintenance of grass would be prohibitive.

(This article appears on the Official Town Ballot)

ARTICLE 2. To see if the Town will vote to amend the Building Code of the Town of Ashland as recommended by the Planning Board by approving the following amendments:

AMENDMENTS TO THE BUILDING REGULATIONS

1. Amend 7.5 so that it reads as follows:

7.5 Flood Hazard Areas. The following regulations shall apply to all lands designated as flood hazard areas by the Federal Emergency Management Agency on the Flood Insurance Rate Map of the Town of Ashland dated April 2, 1986 which is declared to be part of this Ordinance.

7.5a The Building Inspector shall review all building permit applications for new construction or substantial improvements (meaning any repair, reconstruction, or improvement of a structure, the cost of which equals or exceeds 50 percent of the market value of the structure either (a) before the improvement or repair is started, or (b) if the structure has been damaged and is being restored, before the damage occurred) to determine whether proposed building sites will be reasonably safe from flooding. If a proposed building site is in a location that has been a flood hazard area, any proposed new construction or substantial improvement (including prefabricated and mobile homes) must (i) be designed (or modified) and adequately anchored to prevent floatation, collapse, or lateral movement of the structure resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy, (ii) be constructed with materials resistant to flood damage, (iii) be constructed by methods and practices that minimize flood damages, and (iv) be constructed with electrical, heating, ventilation, plumbing, and air conditioning equipment, and other service facilities that are designed and/or located so as to prevent water from entering or accumulating within components during conditions of flooding.

For all new construction and substantial improvements, fully enclosed areas below the lowest floor that are subject to flooding are permitted provided they meet the following requirements: (1) the enclosed area is unfinished or flood resistant, suitable solely for the parking of vehicles, building access or storage; (2) the area is not a basement; (3) shall be designed to automatically equalize hydrostatic flood forces on exterior walls by allowing for the entry and exit of floodwaters. Designs for meeting this requirement must either be certified by a registered professional engineer or architect or must meet or exceed the following minimum criteria: A minimum of two openings having a total net area of not less than one square inch for every square foot of enclosed area subject to flooding shall be provided. The bottom of all openings shall be no higher than one foot above grade.

Openings may be equipped with screens, louvers, or other coverings or device provided that they permit the automatic entry and exit of floodwaters.

The term "substantial improvement" does not include either:

- any project for improvement of a structure in order to comply with existing state or local health, sanitary, or safety code specifications which are solely necessary to assure safe living conditions, or
- any alteration of a structure listed on the National Register of Historic Places or a State Inventory of Historic Places.

7.5b The Building Inspector shall maintain for public inspection and furnish upon request, any certification of flood-proofing, and information on the elevation (in relation to mean sea level) of the level of the lowest floor (including basement) of all new or substantially improved structures, and include whether or not such structures contain a basement, and if the structure has been flood-proofed, the elevation (in relation to mean sea level) to which the structure was flood-proofed. This information must be furnished by the applicant.

7.5c The Building Inspector shall obtain, review, and reasonably utilize any 100 year flood elevation data available from a Federal, State, or other source, until such other data has been provided by the Administrator, as criteria for requiring that (i) all new construction and substantial improvements of residential structures have the lowest floor (including basement) elevated to or above the 100 year flood level, and (ii) that all new construction and substantial improvements on non-residential structures have the lowest floor (including basement) elevated or flood-proofed to or above the 100 year flood level.

7.5d The Building Inspector shall review proposed developments to assure that all necessary permits have been applied for and/or received from those governmental agencies for which approval is required by Federal or State law, including Section 404 of the Federal Water Pollution Control Act Amendments of 1972, 33 U.S.C. 1344. It shall be the responsibility of the applicant to certify these assurances to the Building Inspector.

7.5e Manufactured homes shall be anchored to resist floatation, collapse, or lateral movement by providing over-the-top and frame ties to ground anchors. Specific requirements shall be that (i) over-the-top ties be provided at each of the four corners with two additional

ties per side at intermediate locations and manufactured homes less than 50 feet long at intermediate locations and manufactured homes less than 50 feet long shall require one additional tie per side; (ii) frame ties be provided at each corner with five additional ties per side at intermediate points and manufactured homes less than 50 feet long shall require four additional ties per side; (iii) all components of the anchoring system shall be capable of carrying a force of 4,800 pounds; and (iv) any additions to the manufactured home shall be similarly anchored.

All manufactured homes to be placed or substantially improved within special flood hazard areas shall be elevated on a permanent foundation such that the lowest floor of the manufactured home is at or above the 100 year flood level; to meet the requirements of Article 7.5c.

(For the purposes of this section:

“Manufactured Home” means a structure, transportable in one or more sections which is built on a permanent chassis and is designed for use with or without a permanent foundation when connected to the required utilities and includes park trailers, travel trailers, and other similar vehicles placed on site for greater than 180 consecutive days.)

7.5f In riverine situations, prior to the alteration or relocation of a watercourse the applicant for such authorization shall notify the Wetlands Board of the New Hampshire Environmental Services Department and submit copies of such notification to the Building Inspector. Further, the applicant shall be required to submit copies of said notification to those adjacent communities as determined by the Building Inspector.

The applicant shall submit to the Building Inspector, certification provided by a registered professional engineer, assuring that the flood carrying capacity of an altered or relocated watercourse can and will be maintained.

Along watercourses with a designated Regulatory Floodway no encroachments, including fill, new construction, substantial improvements, and other development are allowed within the floodway that would result in any increase in flood levels within the community during the 100 year flood discharge. In zone A the Building Inspector shall obtain, review, and reasonably utilize any floodway data

available from Federal, State, or other sources as criteria for requiring that development meet the floodway requirements of this section.

7.5g Where new or replacement water and sewer systems (including on-site systems) are proposed in floodprone areas the applicant shall provide the Building Inspector with assurance that these systems will be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters, and on-site waste disposal systems will be located to avoid impairment to them or contamination from them during periods of flooding.

2. New Edition, BOCA Building Code. Amend 6.1, by adopting the 1987 edition of the BOCA Building Code, with the exception of certain administrative sections, in place of the 1981 edition. The amended section would read as follows:

6.1 The Town of Ashland hereby adopts the BOCA Basic Building Code, 1987 Edition, as established by the Building Officials and Code Administrators International, with the exception of certain administrative sections, namely those sections numbered 109.1 through 109.4, 110.6, 117.4, 118.2, 119.6, and 122.1 through 124.7.

3. New Edition, Life Safety Code. Amend 6.2, by adopting the 1985 edition of the Life Safety Code, in place of the 1981 edition. The amended section would read as follows:

6.2 The Town of Ashland hereby adopts the Life Safety Code, 1985 Edition, as established by the National Fire Protection Association.

(This article appears on the Official Town Ballot)

ARTICLE 3. Shall the powers and duties of the office of collector of taxes be transferred from said office to that of town manager? (This article appears on the Official Town Ballot)

ARTICLE 4. To see if the Town will vote as provided by RSA 673:6 to provide for the appointment of three alternate members to the Planning Board, who shall be appointed by the Board of Selectmen, or to act on anything relative thereto.

ARTICLE 5. To see if the Town will vote to repeal the Environmental Ordinance of 1973 with its subsequent amendments, or to act on anything relative thereto.

ARTICLE 6. Shall we adopt the provisions of RSA 72:1-c which authorize any town or city to elect not to assess, levy and collect a resident tax?

ARTICLE 7. To see if the Town will vote to accept a warranty deed to land on Riverside Drive formerly owned by David Colburn from the Memorial Park Trust Fund, subject to compliance with all local, state, and federal regulations concerning the environment, waste management, and toxic waste, and subject to a marketable title, free and clear of all encumbrances, or to act on anything relative thereto.

ARTICLE 8. To see if the Town will vote to authorize the Selectmen to accept from William Goade and Merrill Feldman, for use as a town road, a warranty deed to the Town for that portion of the right of way commonly known as Wadleigh Road which extends in a northerly direction from Route 175 to the Ashland-Holderness town line, said right of way having been improved for vehicular traffic, subject to compliance with all local, state, and federal regulations concerning the environment, waste management, and toxic waste, and subject to a marketable title, free and clear of all encumbrances, or to act on anything relative thereto. (Petitioned by Ten or More Legal Voters)

ARTICLE 9. To see if the Town will vote to designate Sanborn Road in the Town of Ashland as a scenic road in accordance with RSA 231:157 and 158 and to designate the Conservation Commission as governing body for the scenic road, or to act on anything relative thereto. (Petitioned by Ten or More Legal Voters)

ARTICLE 10. To see if the Town will vote to discontinue Hill Street between Mill Street and the intersection of so called Mechanic Street, or to act on anything relative thereto. (Petitioned by Ten or More Legal Voters)

ARTICLE 11. To see if the Town will vote to discontinue so called Mechanic Street between Main Street and Hill Street at the point where Mechanic Street adjoins the L.W. Packard & Co., Inc. property at the end of the town parking lot, or to act on anything relative thereto. (Petitioned by Ten or More Legal Voters)

ARTICLE 12. To see if the Town will vote to construct a covered bridge at the Little Squam Bridge Site, or to act on anything relative thereto.

ARTICLE 13. To see if the Town will vote to establish a Capital Reserve Fund as provided by RSA 35:1 for the purpose of the construction of a covered bridge at the Little Squam Bridge Site and to raise and appropriate the sum of thirty-five thousand dollars (\$35,000) to be placed in this fund, or to act

on anything relative thereto. (Petitioned by Ten or More Legal Voters)
(Recommended by the Budget Committee)

ARTICLE 14. To see if the Town will vote to authorize the Board of Selectmen to accept and expend money from any private sources for the construction of a covered bridge at the Little Squam Bridge Site by Milton Graton without further vote of the Town in accordance with RSA 31:95-b, or to act on anything relative thereto. (Petitioned by Ten or More Legal Voters)

ARTICLE 15. To see if the Town will vote to raise and appropriate the sum of seven thousand dollars (\$7,000) for improvements to the Booster Club and the bandstand at the ball park and authorize the withdrawal of six thousand dollars (\$6,000) plus such interest which may accumulate until such withdrawal, from the Park and Recreation Capital Reserve Fund with the balance to be raised by general taxation, or to act on anything relative thereto. (Recommended by the Budget Committee)

ARTICLE 16. To see if the Town will vote to raise and appropriate and expend the sum of \$29,149.58 for the State Highway Block Grant. (State to contribute \$29,149.58), or to act on anything relative thereto. (Recommended by the Budget Committee)

ARTICLE 17. To see if the Town will vote to support the Board of Selectmen and Town Manager's refusal to comply with the administrative order directed to the Board of Utility Commissioners by the Water Supply and Pollution Control Commission on July 15, 1985 to implement a program of additional treatment for the existing source of water supply or abandon said supply and replace it with a suitable groundwater source, and if necessary to litigate the matter in the courts of the State of New Hampshire, or to act on anything relative thereto.

ARTICLE 18. To see if the Town will vote to support the Board of Selectmen and Town Manager's refusal to comply with the administrative order issued by the Waste Management Division on December 30, 1987 to the Board of Selectmen to conduct a hydrogeological study to establish monitoring wells at and a closure plan for the sanitary landfill, and if necessary to litigate the matter in the courts of the State of New Hampshire, or to act on anything relative thereto.

ARTICLE 19. To see if the Town will vote to authorize the Board of Selectmen and Town Manager to negotiate an agreement with the Town of Waterville Valley, New Hampshire for use of the sanitary landfill upon the termination of the current agreement on March 31, 1989, and in the event of successful negotiations to execute a contract for use of the sanitary landfill by the Town of Waterville Valley, New Hampshire, or to act on anything relative thereto.

ARTICLE 20. To see if the Town will vote to have a complete revaluation by the Appraisal Division of the Department of Revenue Administration to be completed for the tax year of 1992 or thereafter, or to act on anything relative thereto.

ARTICLE 21. To see if the Town will vote to authorize the Board of Selectmen to borrow such sums in anticipation of taxes, from such sources, upon such terms and conditions as it deems advisable and prudent for the operation of the Town, and to execute such documents on behalf of the Town as may be reasonably necessary to accomplish this purpose, or to act on anything relative thereto.

ARTICLE 22. To see if the Town will vote to authorize the Board of Selectmen to apply for, receive and expend without further vote of the Town, Federal and State grants which may become available during the course of the year, and also to accept and expend money from any government units or private sources to be used for purposes for which Towns may legally appropriate money; provided (1) that such grants and other monies do not require the expenditure of other Town funds not specifically appropriated for the particular purpose for which the grant or other monies are received, (2) that a public hearing shall be held by the Board of Selectmen, and (3) that such items shall be exempt from all the provisions of RSA 32, relative to limitations and expenditures of Town monies, all as provided by RSA 31:95-b, or to act on anything relative thereto.

ARTICLE 23. To see if the Town will vote to authorize the Board of Selectmen to transfer tax liens and convey property acquired by the Town of Ashland by Tax Collector's Deed, by public auction or advertised sealed bid or in such manner as determined by the Board of Selectmen as justice may require as provided by RSA 70:42, or to act on anything relative thereto.

ARTICLE 24. To see if the Town will vote to authorize the prepayment of property taxes and to authorize the Tax Collector to accept such prepayment as provided by RSA 80:52-a, or to act on anything relative thereto.

ARTICLE 25. To see if the Town will vote to authorize the Board of Selectmen to sell surplus or obsolete supplies and equipment by public auction or sealed bid or to transfer items of historical significance to the Ashland Historical Society without further vote of the Town, or to act on anything relative thereto.

ARTICLE 26. To see if the Town will vote to accept the Reports of its Boards, Commissions, Committees, and Officers for the year 1987 subject to the correction of errors when and if found, or to act on anything relative thereto.

ARTICLE 27. To see if the Town will vote to raise such sums of money as may be necessary to defray Town charges for the ensuing year and to make appropriations of the same, or to act on anything relative thereto.

ARTICLE 28. To see if the Town will vote to raise and appropriate the Town Budget as submitted by the Budget Committee, or to act on anything relative thereto.

ARTICLE 29. To transact any other business which may legally come before said meeting.

Town Meeting Minutes

March 12, 1988

2:00 PM

The meeting was called to order by Philip Preston, Moderator, at 2 PM.

It was moved, seconded and declared adopted by the Moderator prior to the beginning of the meeting to allow the Town Manager and Town Counsel to speak at the Town Meeting at the request of the Board of Selectmen.

ARTICLE 1. The Moderator stated this question was voted at the Town Elections on March 8, 1988 and the results are posted in the back of the gymnasium with everything being adopted.

ARTICLE 2. The Moderator stated this question was voted at the Town Elections on March 8, 1988 and the results are posted in the back of the gymnasium with everything being adopted.

ARTICLE 3. The Moderator stated this question was voted at the Town Elections on March 8, 1988 and the results are posted in the back of the gymnasium with the question being adopted.

ARTICLE 4. The Moderator declared that it was moved, seconded and adopted without dissent to approve the appointment of three alternate members to the Planning Board, who shall be appointed by the Board of Selectmen as provided by RSA 673:6.

ARTICLE 5. The Moderator declared that it was moved, seconded and adopted without dissent to repeal the Environmental Ordinance of 1973 with its subsequent amendments.

ARTICLE 6. The Moderator declared that it was moved, seconded and defeated by a voice vote with dissent to adopt the provisions of RSA 72:1-c which authorizes any town or city to elect not to assess, levy and collect a resident tax.

ARTICLE 7. The Moderator declared that it was moved, seconded and adopted to dismiss this article without dissent.

ARTICLE 8. The Moderator declared that it was moved, seconded and adopted following a brief discussion with dissent to authorize the Selectmen to accept from William Goade and Merrill Feldman, for use as a town road, a warranty deed to the Town for that portion of the right of way commonly

known as Wadleigh Road which extends in a northerly direction from Route 175 to the Ashland-Holderness town line, said right of way having been improved for vehicular traffic, subject to compliance with all local, state, and federal regulations concerning the environment, waste management, and toxic waste, and subject to a marketable title, free and clear of all encumbrances.

ARTICLE 9. The Moderator declared that it was moved, seconded and adopted without dissent to designate Sanborn Road in the Town of Ashland as a scenic road in accordance with RSA 231:157 and 158 and to designate the Conservation Commission as governing body for the scenic road.

ARTICLE 10. The Moderator declared that it was moved, seconded and adopted without dissent to amend Article 10 to read as follows:

To see if the Town will vote to discontinue Hill Street between Mill Street and the intersection of so called Mechanic Street, if any portion of Hill Street is discontinued by vote of the Town, the Town of Ashland shall reserve existing sewer, drain, water pipe, electric and other utility easements to the discontinued portion of Hill Street in accordance with RSA 231:46 or to act on anything relative thereto.

Following a lengthy discussion the Moderator declared that it was moved, seconded and adopted to pass over Article 10 until Article 11 has been voted on.

The Moderator declared that it was moved, seconded and adopted by a ballot vote of 87 Yes and 48 No to discontinue Hill Street between Mill Street and the intersection of so called Mechanic Street and that the town of Ashland shall reserve existing sewer, drain, water pipe, electric and other utility easements to the discontinued portion of Hill Street in accordance with RSA 231:46.

ARTICLE 11. The Moderator declared that it was moved, seconded and adopted without dissent to amend Article 11 to read as follows:

To see if the Town of Ashland will vote to discontinue so called Mechanic Street between Main Street and Hill Street at the point where Mechanic Street adjoins the L.W. Packard & Co., Inc. property at the end of the town parking lot, the Town of Ashland shall reserve existing sewer, drain, water pipe, electric, and other utility easements to the discontinued portion of Mechanic Street in accordance with RSA 231:46.

The Moderator declared that it was moved, seconded and defeated by a ballot vote of 61 Yes and 94 No to discontinue so called Mechanic Street be

tween Main Street and Hill Street at the point where Mechanic Street adjoins the L.W. Packard & Co., Inc. property at the end of the town parking lot, the Town of Ashland shall reserve existing sewer, drain, water pipe, electric and other utility easements to the discontinued portion of Mechanic Street in accordance with RSA 231:46.

ARTICLE 12. The Moderator declared that it was moved, seconded and adopted by a ballot vote of 86 Yes and 50 No to construct a covered bridge at the Little Squam Bridge Site.

ARTICLE 13. The Moderator declared that it was moved, seconded and adopted by a majority vote to establish a Capital Reserve Fund as provided by RSA 35:1 for the purpose of the construction of a covered bridge at the Little Squam Bridge Site and to raise and appropriate the sum of thirty-five thousand dollars (\$35,000) to be placed in this fund.

ARTICLE 14. The Moderator declared that it was moved, seconded and adopted without dissent to amend Article 14 to read as follows:

To see if the Town will vote to authorize the Board of Selectmen to accept and expend money from any private sources for the construction of a covered bridge at the Little Squam Bridge Site by Milton Graton and his Associates without further vote of the Town in accordance with RSA 31:95-b, or to act on anything relative thereto.

The Moderator declared that it was moved, seconded and adopted by majority vote to authorize the Board of Selectmen to accept and expend money from any private sources for the construction of a covered bridge at the Little Squam Bridge site by Milton Graton and his Associates without further vote of the Town in accordance with RSA 31:95-b.

ARTICLE 15. The Moderator declared that it was moved, seconded and adopted without dissent to raise and appropriate the sum of seven thousand dollars (\$7,000) for improvements to the Booster Club and the bandstand at the ball park and authorize the withdrawal of six thousand dollars (\$6,000) plus such interest which may accumulate until such withdrawal, from the Park and Recreation Capital Reserve Fund with the balance to be raised by general taxation.

ARTICLE 16. The Moderator declared it was moved, seconded and adopted by a majority vote to raise, appropriate and expend the sum of \$29,149.58 for the State Highway Block Grant (the State is to contribute \$29,149.58).

ARTICLE 17. The Moderator declared that it was moved, seconded and adopted without dissent to support the Board of Selectmen and the Town Manager's refusal to comply with the administrative order directed to the Board of Utility Commissioners by the Water Supply and Pollution Control Commission on July 15, 1985 to implement a program of additional treatment for the existing source of water supply or abandon said supply and replace it with a suitable groundwater source, and if necessary to litigate the matter in the courts of the State of New Hampshire.

ARTICLE 18. The Moderator declared that it was moved, seconded and adopted without dissent to support the Board of Selectmen and the Town Manager's refusal to comply with the administrative order issued by the Waste Management Division on December 30, 1987 to the Board of Selectmen to conduct a hydrogeological study to establish monitoring wells at and a closure plan for the sanitary landfill, and if necessary to litigate the matter in the courts of the State of New Hampshire.

ARTICLE 19. The Moderator declared that it was moved, seconded and defeated to authorize the Board of Selectmen and the Town Manager to negotiate an agreement with the Town of Waterville Valley, New Hampshire for the use of the sanitary landfill upon the termination of the current agreement on March 31, 1989, and in the event of successful negotiations to execute a contract for the use of the sanitary landfill by the Town of Waterville, New Hampshire.

ARTICLE 20. The Moderator declared that it was moved, seconded and adopted by a majority vote to have a complete revaluation by the Appraisal Division of the Department of Revenue Administration to be completed for the tax year of 1992 or thereafter.

ARTICLE 21. The Moderator declared that it was moved, seconded and adopted without dissent to authorize the Board of Selectmen to borrow such sums in anticipation of taxes, from such sources, upon such terms and conditions as it deems advisable and prudent for the operation of the Town, and to execute such documents on behalf of the Town as may be reasonably necessary to accomplish this purpose.

ARTICLE 22. The Moderator declared that it was moved, seconded and adopted without dissent to authorize the Board of Selectmen to apply for, receive and expend without further vote of the Town, Federal and State grants which may become available during the course of the year, and also to accept and expend money from any government units or private sources to be used for purposes for which Towns may legally appropriate money; provided (1) that such grants and other monies do not require the expenditure of other Town funds not specifically appropriated for the particular purpose for which the grant or other monies are received, (2) that a public hearing shall

be held by the Board of Selectmen, and (3) that such items shall be exempt from all the provisions of RSA 32, relative to limitations and expenditures of Town monies, all as provided by RSA 31:95-b.

ARTICLE 23. The Moderator declared that it was moved, seconded and adopted without dissent to authorize the Board of Selectmen to transfer tax liens and convey property acquired by the Town of Ashland by Tax Collector's Deed, by public auction or advertised sealed bid or in such manner as determined by the Board of Selectmen as justice may require as provided by RSA 70:42.

ARTICLE 24. The Moderator declared that it was moved, seconded and adopted without dissent to authorize the prepayment of property taxes and to authorize the Tax Collector to accept such prepayment as provided by RSA 80:52-a.

ARTICLE 25. The Moderator declared that it was moved, seconded and adopted to authorize the Board of Selectmen to sell surplus or obsolete supplies and equipment by public auction or sealed bid or to transfer items of historical significance to the Ashland Historical Society without further vote of the town.

ARTICLE 26. The Moderator declared that it was moved, seconded and adopted without dissent to accept the Reports of its Boards, Commissions, committees, and Officers for the year 1987 subject to the correction of errors when and if found.

ARTICLE 27. The Moderator declared that it was moved, seconded and adopted by a majority vote to raise and appropriate the sum of \$3,870,105.00 to defray town charges for the ensuing year, this appropriation to include the funds already voted under Articles 13, 15 and 16.

The Moderator declared that it was moved, seconded and defeated by a majority vote to cut the budget by \$6,475.00.

ARTICLE 28. The Moderator declared that it was moved, seconded and adopted without dissent to raise and appropriate the Town Budget as submitted by the Budget Committee.

ARTICLE 29. The Moderator declared that it was moved, seconded and adopted without dissent to adjourn the meeting at 7:06 PM.

Respectfully submitted,
Rosemarie McNamara
Town Clerk

New Hampshire State Primary

September 13, 1988

In accordance with the legally signed and posted Notice to Voters the Moderator, Philip Preston, called the meeting to order. It was moved, seconded and declared that the polls remain open until 7 PM.

The Moderator declared the polls closed at 7 PM. The following people acted as sworn ballot counters: Marion Merrill, Sylvia Eschenbach, Maureen Evleth, Kay Mudgett, Robert Shaw, Joy Bricker, George Bagge, Marilyn Rollins, Stephen Uhlman, Arline Wilson, Caryn Krahn, Rhoda Landroche, Brice Buckman, Russell Cross, Jr., Margaret Dobbie and John Longley.

General Election

State of New Hampshire

To the inhabitants of the Town of Ashland in the County of Grafton, New Hampshire.

You are hereby notified to meet at the Ashland Fire Station in said Ashland on Tuesday, the eighth day of November, 1988 (the polls will be open between the hours of 9:00 a.m. and 7:00 p.m.) to act upon the following subjects:

To bring in your votes for President and Vice-President of the United States, Governor, United States Representative, Executive Councilor, State Senator, State Representative and County Officers.

To bring in your votes on the amendments to the New Hampshire Constitution proposed by the 1987 General Court.

To bring in your votes on amendments to the Town of Ashland Building Regulations proposed by the Planning Board.

To bring in your votes on amendments to the Zoning Ordinance of the Town of Ashland proposed by the Planning Board.

Given under our hands and seal, this seventeenth day of October, in the year of our Lord nineteen hundred and eighty-eight.

Harold Landroche
Arnold Cummings
Donald Prescott
Selectmen of Ashland

A true copy of Warrant - Attest:

Harold Landroche
Arnold Cummings
Donald Prescott
Selectmen of Ashland

October 17, 1988

We hereby certify that we gave notice to the inhabitants within named, to meet at the time and place and for the purpose within mentioned, by posting an attested copy of the within Warrant at the place of meeting within named, and a like attested copy at the Ashland Town Office being a public place in said Town on the 17th day of October, 1988.

Harold Landroche
Arnold Cummings
Donald Prescott
Selectmen of Ashland

GENERAL ELECTION RESULTS

November 8, 1988

The meeting was called to order by Assistant Moderator, George Bagge, at 9 AM. The Assistant Moderator read the legally signed and posted warrant. It was moved, seconded and adopted to close the polls at 7 PM.

Results of the Balloting are as follows:

Questions Relating to Constitutional Amendments Proposed by the 1987 General Court

Question #1

Are you in favor of Amending the Constitution to provide that, in order to entitle the parties to a trial by jury in civil cases, the amount involved in such cases must exceed \$1,500 instead of \$500 as is now provided?

Yes 393

No 212

Question #2

Are you in favor of amending the Constitution to provide that the legislature may delegate regulatory authority to executive branch officials, but that any proposed rules may be disapproved by the legislature or an appropriate Legislative committee, as prescribed by law?

Yes 297

No 228

Town Ballot

Question No. 1

Are you in favor of the adoption of Amendment No. 1 as proposed by the planning board for the town building code as follows:

This amendment would require approval by the Superintendent of the Sanitary Department of new septic systems (including their location), but not replacement systems, prior to the submission of the septic system plans to the State of New Hampshire, and would require that such new septic systems conform to all applicable town ordinances?

Yes 409

No 295

Question No. 2

Are you in favor of the adoption of Amendment No. 2 as proposed by the planning board for the town building code as follows:

This amendment would a) allow the reissuance of building permits, now considered invalid if construction fails to commence within six months, but not when state and local regulations and ordinances have changed to prohibit the proposed construction, since the original issuance of the permit; b) withhold such reissued permits, when proposed changes to the local ordinance(s) (which have been legally posted for public hearings), would prohibit the proposed construction, until final action has been taken on the proposed changes; and c) set a \$20 fee for the application for such a reissuance of a building permit?

Yes 401

No 265

Question No. 3

Are you in favor of the adoption to Amendment No. 1 as proposed by the planning board for the town zoning ordinance as follows:

This amendment would clarify the responsibilities of a person making an appeal to the Board of Adjustment by requiring the appellant to apply on a form obtained from the Board of Adjustment, to provide the names and addresses of all abutters, and to pay the costs of the hearing notices and advertising at the time of the application?

Yes 409

No 258

Question No. 4

Are you in favor of the adoption of Amendment No. 2 proposed by the planning board for the town zoning ordinance as follows:

This amendment would a) eliminate the minimum lot size requirement of ten acres for a mobile home park, in order to comply with a new state law that the lot size requirements for such parks must be "reasonable"; and b) clarify the various land area requirements for mobile home parks, by stating that the individual mobile home sites may not be used to meet the land and area requirements for the common area or the roadways, and that the common area may not be used to satisfy the land area requirements for the roadways or the individual parking for the mobile homes?

Yes 347

No 309

Question No. 5

Are you in favor of the adoption of Amendment No. 3 as proposed by the planning board for the town zoning ordinance as follows:

This amendment would increase from 5000 square feet to 7500 square feet the minimum land area requirements for each dwelling unit and mobile home on lots with three or more dwelling units and/or mobile homes in the Village Residential District, Commercial District, and sewered portions of the Industrial District?

Yes 496

No 275

Question No. 6

Are you in favor of the adoption of Amendment No. 4 as proposed by the planning board for the town zoning ordinance as follows:

This amendment would eliminate the formula for determining the lot size for cluster developments, which formula has been determined to conflict with a state law prohibiting discrimination against condominiums in local ordinances?

Yes 325

No 311

The Moderator declared the polls closed at 7 PM. The following people acted as ballot counters: Bradley Ober, Michael A. Hunter, Stephen Vachon, Mary Ruell, Martha Herron, Marilyn Rollins, Florence Goodwin, Joanne Hrdlicka, Alice Johnson, Jean Murphy, Leonard Duguay, Rhoda Landroche, Florence Chaisson, Kay C. Mudgett, Maureen Evleth, Sheila M. Page, Sylvia Eschenbach, Donald Prescott, David Ruell, George Bagge and Margaret Dobbie.

Respectfully submitted,
Rosemarie McNamara
Town Clerk

Police Department Report

1988

Again the year 1988 was a very costly one for the department. We had two officers with serious injuries and the work load increased for the rest of the department.

We did get two new officers, who were hired last year, through the Academy during 1988 and both received awards. Officer Tarr received the top student award for his class and Officer Woodard was the top marksman in his class. I have worked one special officer 40 hours per week just to keep days off, vacation, academy, and sick time covered.

Our new area prosecutor, Gabriel Nizetic, has been hired and is now in his office in Plymouth. He will be working with the County Attorney's office so that he can take cases all the way to Superior Court. He still has to pass the New Hampshire Bar Exam. We hope that within six months he will handle all court cases for the department. This will also free up the Sergeant so that he can perform other duties as required by the department.

We also have to look at the growth of Ashland and the added coverage needed by the developments taking place. Although a lot of these will be seasonal homes, they still have to be protected.

Last of all, we are still not paying a good wage and will have a hard time keeping our officers. We can no longer hire and pay officers by the size of the Town. Now that an officer is certified, he or she can go anywhere in the State and receive good wages.

Thank you again for your help and support throughout the year.

Respectfully submitted,
Ernest A. Paquette
Chief of Police

Fire Department Report

1988

This year was a very successful, productive, and sad year for the Fire Department.

One of our main goals was to recruit new men and get our department back to nearly a full complement of men. We were able to conduct a State Firefighter Level I course again and came out with five newly certified firefighters by the State. We now have a total of 17 State Certified Firefighter Level I men.

On the firefighting front, we were very fortunate. A very hot, dry summer made the forest fire potential high. Thanks to the quick reporting of all smoke by the fire towers and citizens, there were no major forest or brush fires in this town.

We had no major property loss this year. The only multiple alarm fire this year was at Rochester Shoe Tree Plant on Route 3 North. This operation was very successful and the many hours of in house and Mutual Aid Training paid off. Although a good portion of the structure was damaged, all the machinery and raw materials inside the building were saved.

This year we lost two comrades. Jasper Shaw, a former fireman, although retired and living out-of-state, always managed to keep in touch.

Steve Uhlman, a former Captain and Fire Ward, will be greatly missed. Although he had retired from the department, he was still one of the guys. He was always there at any major fire or function, doing whatever was needed. We miss him, but shall not forget him.

Breakdown of Fire Calls

Medical Aid	96	Chimney Fires	15
Car Fires	8	Dial Alarms	14

Respectfully submitted,
Skip Fields
Fire Chief

Report Of Town Forest Fire Warden And State Forest Ranger 1988

Between July 1987 and June 1988, we experienced more fires than normal. The three leading causes of forest fires were again children, fires kindled without written permission of a Forest Fire Warden and debris burning. All causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden, Concord Forest Protection Headquarters at (603) 271-2217, or local Forest Ranger.

On January 1, 1989, the Deceptive Forestry Business Practices Law (RSA 224:54) goes into effect. This law, in summary, states that a person is guilty of a misdemeanor if, in the course of buying or selling a forest product, uses a false weight or measure for falsely determining any quality or quantity of a forest product. For more information, contact any of the above named officials.

FOREST FIRE STATISTICS - 1988

	STATE	DISTRICT	TOWN
Number of Fires	498	32	2
Acres Burned	509.10	337.5	.25
Cost of Suppression	\$78,144.93	\$25,794.52	\$120.00

Respectfully submitted,

E. Sven Carlson
Forest Ranger

Merritt J. Fields
Forest Fire Warden

Highway Report

1988

The Ashland Highway Department this year reconstructed another section of Thompson Street. A 1,975 foot section was rebuilt and paved.

Two projects on North Ashland Road were completed. One was a culvert extension and the widening of the shoulder near a really sharp corner.

A section of North Ashland Road was paved. We have plans to continue this project in 1989.

A Water, Sewer and Highway project on Carr Avenue was completed. New water and sewer lines were installed and a complete reconstruction of the street was accomplished at the same time.

In the spring of 1988, the Highway Department and the Sewer Department purchased a new Backhoe. This is a machine that the Town has needed for a long time.

The Department's general road maintenance program for 1988 included cold patching, grading, sweeping, cutting brush and ditching.

I would like to take this opportunity to thank my staff and the townspeople for their support during the past year.

Respectfully submitted,
Mark W. Ober
Road Agent

Water and Sewer Department Report

1988

The Water and Sewer Department installed five hundred thirty feet of new eight inch sewer pipe with four new manholes on Carr Avenue. We also replaced seven hundred feet of old six inch water main with eight inch Ductile iron water main. We extended two hundred eight feet of six inch Ductile iron main on Ames Drive, replaced one old hydrant on Carr Avenue, and added one on Ames Drive. The Water Division added two new water services. The Sewer Division added three new sewer services.

The Water Division supplied 80,689,000 gallons of water treated with 1,850 gallons of sodium hypochloride. The Sewer Division treated 165,022,000 gallons of wastewater and 106,500 gallons of septage and used 3,622 pounds chlorine.

Respectfully submitted,
Wayne L. Hughes
Superintendent

Ashland Electric Department

1988

This past year the Electric Department set ten new poles, installed two thousand one hundred fifty feet of secondary cable, two hundred fifty feet of primary cable and issued twenty-four meter sockets. An additional sixteen poles were set on Mill, Winter and Collins Streets in preparation for voltage conversion and circuit change on those streets.

The used switchgear that was purchased has been rewired and installed in the new switchgear building at the substation.

Two new 7.5/10 MVA substation transformers have been ordered and are expected to be delivered by late summer of 1989.

A joint effort by L.W. Packard Co. and the Ashland Electric Department to provide for long term stability of electric rates has resulted in a preliminary study of the costs of co-generation and a joint agreement to have further study work done by outside consultants. At this time, it is not known what the study will show, but it is anticipated it will show that there are certain benefits to co-generation that will benefit our customers.

At some point in the near future, there will have to be a decision made based on the results of the study to determine if we should abandon the project or to try and obtain financing and proceed with the project.

Should a decision be made to proceed with the project, it is anticipated that public hearings will be held to discuss any concerns that are relevant to the project and what course we should follow. It is further anticipated that this decision will most likely follow a town meeting.

Respectfully submitted,
Thomas E. Marsh
Superintendent

Parks and Recreation Report

1988

The 1988 Summer Playground Program served over 100 children daily. We were able to provide swimming lessons three days a week and hope to do so again.

We basically had a trouble free summer, thanks to the Playground and Beach staff, as well as the Town Office staff.

The department has constructed an outdoor skating rink at the Ballpark. The commission wishes to publically thank Elwood Havlock for leveling the area and the members of the Fire Department for flooding and maintaining the rink.

Renovations were completed at the Booster Club building with a badly needed office constructed. The Bandstand has been repaired and concerts were held during 1988.

A new raft was in use at the beach this year. The beach picnic area had a face lift with trimming of brush and staining the pumphouse.

During 1988, the Parks and Recreation programs received the following fees and/or charges from its participants to offset appropriations:

Campground	\$10,500.00
Beach	4,250.00
Playground	3,971.00
Swim Lessons	259.00
Total	<u>\$18,980.00</u>

Thank you for making this the best summer yet. Without your support, this would not have been possible.

Respectfully submitted,
Thomas Winn, Chairman
Kathy Marsh
John Cahoon
Jim Cerami
Becky Lyford
Arnold Cummings
Bette Fields, Director

*Includes balance of \$3,349.86 from the Lawson Glidden Memorial Fountain Fund

Nineteen eighty-eight was a year of continued progress. Paving was completed at the rear of the Lazlo apartments, a new walkway was built to connect the old and new sections of the park, and bulbs have been set out to add color to the area. A new bridge over the waterway between the Lazlo apartments and the parking area near the Fret Shop will be installed in the spring, making it then possible to walk from one end of the park property to the other.

The floating fountain, a gift from Pauline Glidden and her family in memory of her husband, Lawson, is very attractive and has drawn many nice compliments.

Our sincere thanks go to the Ashland Garden Club members who have kept our planters beautiful for the past two years.

As we look ahead to the future, we want to remind you that this beautiful park was made possible only through years of hard work and the dedication of many volunteers, and it can remain a beauty spot only if those who use it don't abuse it. It is your park. Help us to keep it clean and beautiful.

Respectfully submitted,
Marion Merrill, Chairman
Kay Harriman, Treasurer

The Ashland Fourth of July celebration marked the end of a series of events sponsored by the Pemi-Baker Commission for the Bicentennial of the Constitution, which included thirteen towns, and was supported in part by a contribution from the Commission. A feature of the parade, which boasted many outstanding entries, was the Commission's float that had won first prize in the statewide parade marking New Hampshire's ratification of the Constitution two hundred years ago. There were many generous donations and wide participation in the events of the weekend.

Planning Board's Report

1988

1988 was another busy year for the Planning Board. The Board held twenty meetings, two of them joint sessions with the Board of Adjustment. Subdivisions again occupied much of the Board's time. Hearings were held on seventeen subdivision proposals. Twelve subdivisions were approved. Two proposals were denied, one of which was later resubmitted in revised form. Three subdivisions were still under consideration at the end of the year. (The Board also held pre-preliminary discussions with the potential subdividers of two other properties.) One subdivision approved during the year, that should be of future concern to the Town, was the subdivision of Bernard and Rose Re on Sanborn Road, a road that will need some reconstruction to serve the new lots. The Highway Agent stated that 820 feet of the road should be rebuilt at an estimated cost of \$32,488. Since, according to the courts, the subdivider can only be charged his "fair share" of the cost of reconstructing a public highway, the Res' portion was determined to be 32.17% of the reconstruction cost (or \$10,451.39 of the estimated cost). The Town's share of the road rebuilding costs would therefore be 67.83% (or \$22,036.61). As a condition of the subdivision approval, the Res agreed to pay their calculated share of the road reconstruction costs, if that portion of Sanborn Road was rebuilt by December 31, 1991. This agreement is not binding on the Town, which can decide to not rebuild the road. But, it does give the Town some significant financial assistance, if the Town does decide to reconstruct this stretch of road in the near future. (The Board also approved letters of credit for roads to be built in two subdivisions approved in prior years, and approved the release of securities for roads completed within two previously approved subdivisions.)

1988 was the Planning Board's first full year with site plan review authority. Hearings were held on twelve site plans. The Board approved nine new site plans and an extension of time for a previously approved site plan. One site plan application was withdrawn, and another was still being reviewed at the end of the year. The Planning Board made recommendations to the Board of Adjustment on three special exception applications, as is required by the zoning ordinance. The Planning Board also conducted its annual inspection of the town's one permitted commercial earth excavation.

Amendments to the zoning ordinance and building regulations are a constant concern of the Planning Board, as the state laws change, the community's needs and problems change, and the flaws in the existing ordinances are discovered. In March, the voters approved nine amendments to the zoning ordinance and three amendments to the building regulations that were pro-

posed by the Board, and repealed the superseded Environmental Ordinance, a move also suggested by the Board. (See last year's report for these amendments.) The November election gave the Board the opportunity to propose four more amendments to the zoning ordinance and two amendments to the building regulations, all of which were approved by the voters. The zoning ordinance amendments 1) clarified the application procedure for appeals to the Board of Adjustment, 2) eliminated the minimum lot size for mobile home parks, and clarified the land area requirements for mobile home parks, 3) increased the minimum land area requirement for each dwelling unit or mobile home on lots with three or more units and/or mobile homes in the Village Residential and Commercial Districts, and 4) eliminated the formula for determining the lot size of cluster developments. The building regulation amendments 1) require prior local approval of new septic systems, before the submission of plans to the State of New Hampshire, and 2) allow the reissuance of building permits that have lapsed for failure to begin construction within six months, save when the regulations have changed in the meantime.

Planning activities continued through 1988. The staff of the Lakes Region Planning Commission worked through much of the year, under a state grant, on a water resources management and protection plan for Ashland. In January of 1989, the draft of the plan was presented to the Board, which will be reviewing and refining the plan for eventual adoption as part of the town's master plan. The Office of State Planning has begun work on the Squam Lakes Watershed Management Plan, a cooperative effort of the state and the six towns in the Squam River watershed, to plan for the future of the watershed, with particular attention on lake and shoreline uses and other water related issues. Ashland has three representatives on the six town committee involved in this work, Phil Preston representing the Planning Board, Norm Beane representing the Conservation Commission, and John Reeve representing the Selectmen. When completed, this plan for the Squam watershed should prove of great value to all six towns. The March town meeting appropriated in the budget \$2800 for the Capital Improvements Program. The Town subsequently contracted with the Lakes Region Planning Commission for assistance in preparing the Program. And a Capital Improvements Program committee, consisting of three Planning Board members, one Selectman, the Town Manager, one School Board member, the school Principal, and three citizen members, has been established. Most of the work of this committee will be done in the first half of 1989, with the Capital Improvements Program scheduled for completion by the summer.

The membership of the Planning Board did change during the year. Arnold Cummings replaced Ed Hubbard as the selectmen ex officio member. Phil Preston left the Board after some distinguished years of service. Dean Marcroft, Robert Hicks, and Maureen Evleth, all joined the Board in April.

Also, in April, the Board elected its current officers, David Ruell, chairman; David Paquette, vice-chairman; and Karen Nichols, secretary.

In closing, I would like to thank the members of the Board for their efforts in 1988, as well as all those who assisted the Board in its labors during the past year.

Respectfully submitted,
David Ruell
Chairman

Board of Adjustment Report

1988

During 1988, the Board of Adjustment met fifteen times to consider twenty-three appeals. That is a significant increase from 1987 — over twice as many meetings and cases.

Most of the applications for variances involved lots or buildings that were created or built before the Zoning Ordinance was adopted in 1985. Nearly all of them were requests to allow construction on pre-existing, undersized lots. Three variances were given to allow home construction on four vacant lots in subdivisions approved prior to 1985. In each case, the Board limited the size of the house as a means of upholding the spirit of the ordinance and assuring that septic systems on substandard lots would not be overloaded. A request to create non-conforming lots in a new subdivision was denied.

An application for a variance to allow increased density in the Village Residential District was withdrawn at a public hearing in response to strong objections expressed by neighbors. Two Special Exceptions were denied on the grounds that the proposed uses of properties would not be compatible with those on adjacent lots.

Four other Special Exceptions were approved. Two allow use of residences next to the Commercial District for office space. Another permitted the construction of an oil containment building on a small lot adjacent to the Industrial District, and it was granted in conjunction with a variance from the street-setback requirement. The last one granted allows limited commercial use on a narrow piece of property between I-93 and Route 3.

The Zoning Board of Adjustment also acts as the Building Code Board of Appeals when disputes arise regarding the Building Regulations. This year, for the first time, the Board acted in the latter capacity. It revoked a building permit for a multi-unit residence because it did not meet the Zoning Ordinance's density requirement.

Conservation Commission Report

1988

The Conservation Commission met the first Wednesday of each month during the year. In addition, it held two working sessions to accomplish specific tasks. Ed Hubbard's term of office ended in March, and Scott Grey resigned. Two new commissioners were appointed, namely Robert Boyle and Norman Beane.

Much of this year was spent reviewing and familiarizing ourselves with the Town resources and looking for opportunities to initiate conservation practices. One working meeting involved a trip on the Squam River and along the shoreline of Squam Lake to determine how much development activity was taking place where State Permits had not been acquired. It appeared that State permits were being acquired, but that the information being supplied the State concerning the extent of the project was minimized. The projects, as carried out, were in some cases more extensive than reading the Permit Application would imply. The Conservation Commission must take a more critical review of these applications in the future.

A proposed development on Hicks Hill Road was visited by the Commission in early November and the Commission made a report to the Planning Board. The report essentially cited the need for consideration of steep slopes as they relate to water and soil disturbances. This was the first time that the Commission became involved with a development project in the planning stage.

The Commission became involved with a proposal to allow non-contiguous land to be designated for more intensive development in certain areas. After considerable study, we favored the proposal, as it will have long term benefits to the people of the Community. These may be realized as early as 1989.

Ashland's Conservation Commission is a member of the New Hampshire Association of Conservation Commissions. Two of our members attended the Annual meeting in Concord in November.

We look forward to a productive year in 1989.

Respectfully submitted,
Dan Murphy, Chairman
Mike O'Hara, Secretary
Bill Koning
Bob Boyle
Norman Beane

Building Inspector's Report

1988

A total of seventy-one Building Permits were issued in 1988. Twenty-eight were for totally new construction which consisted of twelve new single family homes and fifty-eight condominium units. The remainder were for small additions, garages, renovations and repairs.

Other permits issued during 1988 were Electrical Permits 41, Plumbing Permits 35, Driveway Permits 13, Oil Burner Permits 17 and Mobile Home Permits 4. A total of 181 permits were issued by the Building Inspector in 1988.

I would like to thank all the departments and town officials for their help and assistance during the year.

Respectfully submitted,
Alan J. Cilley
Building Inspector

Health Officer's Report

1988

I wish to express my gratitude to the community for giving me the opportunity to serve for still another year.

There have been times when it was not easy to fulfill this obligation, but I have done my best. Some have been offended and have thought that they might have been sought out for various reasons, but to those I say, "State as well as town regulations prevail and must be adhered to." The compensation for performing these, sometimes difficult tasks, was certainly not the reason for my accepting this responsibility, but someone has to do it!

If there are still issues that have not been dealt with at this time - please direct any further inquiry to the Town Manager and he will re-direct them to the proper town office for further action. No additional funding was requested by me for the further performance of these duties as it was felt that any monies the Town has available might be put to better use.

I look forward to answering the expanding Town needs for any further clarification on health issues that I am able to answer. If I cannot, I will get the answers from State officials in Concord.

Respectfully submitted,
Michael A. Hunter, D.C.
Health Officer

Library Trustees' Report

1988

Our library is a valued treasure in our town. It fulfills many and varied needs. The library itself is beautiful and peaceful. The many books beckon you to hours of enjoyment. Have you wanted to use a Weightwatcher's cookbook? Or perhaps you want to read up on Alzheimer's or perhaps you want non-fiction or a good novel. We have many from which to choose.

The copier continues to be used extensively and also the typewriters. The copier is an asset to the town as it is available for use by anyone.

This year we were sorry to have Clara Cilley retire. Clara has been with us since 1975 and we wish her a happy retirement. Louise Bird has come to work for us in Clara's place and we welcome her.

Respectfully submitted,
Lorraine Marsh

Historical Society's Report

1988

The purpose of the Ashland Historical Society is to stimulate interest in the history of the town of Ashland and to collect, preserve, display, and disseminate materials of historical and artistic value. This, and more, has been carried out over the past twenty years.

On July 28, 1988, the Ashland Historical Society celebrated its 20th Anniversary with a special program held at the Whipple House Museum. A historical sketch of the Society and its founding was presented by David Ruell. Charter members present were introduced and acknowledged.

Culminating the year's activities in celebrating the Bicentennial of the United States Constitution, the Society, along with the Ashland Women's Club, and the Memorial Park Committee, provided a nine foot Oak Tree planted in Memorial Park. The tree was dedicated at an ecumenical service, sponsored by the Ashland Churches on July 3rd. Society programs during the year included Ashland News of 1888, Early Ashland Families, "It Had to be Done and I did it," a reader's theatre presentation documenting the daily lives of women living in New Hampshire in the first half of this century, Yankee Editor, and our annual Christmas Dinner Party held at the Common Man. The 17th Annual Craft Fair and Flea market continued as the only fund raising event of the Society with proceeds of \$1,493.00.

As a non-profit organization, the Historical Society sponsored the Squam River Covered Bridge Committee for the purpose of raising funds for construction of a covered bridge over the Squam River near the town beach. At this writing about \$135,000.00 has been raised. The Society has received cost estimates to make needed repairs to the Ashland Railroad Passenger Station. It is our goal to restore the building, making it available for a use compatible with the structure.

A number of improvements were made to the Whipple House Museum, our primary interest. The water line was repaired, and indirect lighting was added to the kitchen. The kitchen ceiling was repaired and the walls repainted. A new ceiling and electrical wiring have commenced in the small room off the kitchen, and the exterior window sills and shed area were painted.

The Ashland Historical Society, its programs, and the museum are for the benefit and enjoyment of all residents. New members are invited to join the Society at any time, dues are two dollars a year. All meetings and programs of the Society are free and open to the public. We hope that you will plan to participate in the Society's activities.

Respectfully submitted,
James H. Rollins
President

The Pemi-Baker Home Health Agency Report 1988

Since the Pemi-Baker Home Health Agency, a non-profit organization, was founded in 1967, the Town of Ashland has been a contributing member and a recipient of the agency's services. Ashland is one of the agency's ten member towns in the Pemi-Baker valley, along with Campton, Ellsworth, Groton, Hebron, Holderness, Plymouth, Rumney, Thornton, and Waterville.

In 1988, the agency paid 781 visits to the homes of Ashland residents. Of these visits, 196 provided skilled nursing care, mainly to home-bound elderly persons; 394 visits were made by homemakers, who help with light housekeeping, shopping, and other chores when they are needed; 174 visits gave home health aide services, primarily personal care to the patients; 12 visits were for physical therapy, and 5 for speech therapy.

In addition to these services, Ashland residents have available to them through the Pemi-Baker agency free blood pressure and diabetic screening clinics, held regularly in Ashland, Hebron, Plymouth, and Rumney. Free immunization clinics open to all residents of member towns are held in the agency's Plymouth office six times a year. The agency provides infant and toddler car seats on a rental basis and offers home visits to mothers with newborn babies. Through Pemi-Baker, Helping Hands volunteers give free training classes to people who have responsibility for the care of home-bound persons who cannot be left unattended.

In October, the agency sponsored a special immunization clinic at the Ashland schools, which gave tetanus and diphtheria, oral polio, and measles-mumps-rubella shots to 31 Ashland residents.

Other services include doctor-prescribed intravenous therapy, a medical equipment loan closet, occupational therapy, and a maternal-infant early discharge program.

As a way of reviewing its services and looking to the future of the agency, the Pemi-Baker board has appointed a long-range planning committee, whose report is due at the annual meeting in April. Members of the committee include board representatives from Ashland, Plymouth, and Rumney; the director of the Upper Valley Senior Citizen Council; the District 8 Representative to the New Hampshire House of Representatives; a Grafton County Commissioner, and the agency's executive director, Margaret Crowell.

Pemi-Baker services are paid for by a combination of Medicare, Medicaid, Blue Cross/Blue Shield, veteran's benefits, private insurance, personal funds according to ability to pay, and annual town appropriations, based on the population of each participating town. Town appropriations account for about 17 percent of the agency's annual budget.

As the demand for Pemi-Baker services grows — the number of the agency's visits in 1988 increased by 20 percent over 1987 — its costs have also risen. Per capita assessments for each town, accordingly, are up from \$3.50 in 1987 to \$3.85 in 1988. The requested appropriation for 1989, for Ashland, of \$8,108.10, an increase of 8.5 percent over 1988, reflects in part, rising costs, but principally a 9.45 percent growth in the Ashland population.

Respectfully submitted,
Barbara Y. Newsom
Ashland Representative

Financial Statements

Audit Statement

June 29, 1988

Board of Selectmen
Town of Ashland
Ashland, New Hampshire 03217

We have examined the general purpose financial statements, as listed in the table of contents, of the Town of Ashland, New Hampshire as at and for the year ended December 31, 1987. Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Town has not maintained a complete record of its general fixed assets as required by generally accepted accounting principles. Accordingly, a statement of general fixed assets is not included in the financial statements. The amounts that should be recorded as general fixed assets is not known.

In our opinion, except for the effect on the financial statements of the omission described in the second paragraph, the combined financial statements referred to above present fairly the financial position of the Town of Ashland, New Hampshire at December 31, 1987 and the results of its operations and cash flows of its proprietary fund types for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The accompanying financial information listed as supporting schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Ashland, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined, combining fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

Respectfully submitted,
Jon R. Lang

Ashland
Town Warrants

Ashland Town Warrant 1989

The State of New Hampshire

To the Inhabitants of the Town of Ashland, in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Ashland Fire Station in said Town on Tuesday, March 14, 1989 from 9:00 AM to 7:00 PM to act upon the following articles.

ARTICLE 1. To choose all necessary Town Officers for the year ensuing.

ARTICLE 2. To vote upon the proposed amendment to the Zoning Ordinance of the Town of Ashland as recommended by the Board of Selectmen by approving the following question:

Are you in favor of the adoption of the Amendment to the existing town zoning ordinance as proposed by the Board of Selectmen as follows:

The amendment eliminates home businesses as a permitted use in the Village Residential and Rural Residential Districts and also eliminates the definition of "home businesses" and all other references to home businesses in the zoning ordinance? (The Planning Board disapproved of this amendment by a vote of four to three.)

_____ Yes

_____ No

ARTICLE 3. To transact any other business which may legally come before said meeting.

Given under our hands and seal this 23rd day of February in the year of our Lord, nineteen hundred and eighty-nine.

Harold Landroche
Arnold Cummings
Donald Prescott
Board of Selectmen, Ashland, NH

A true copy of Warrant: Attest

My Commission Expires: April 23, 1991**

Ashland Town Warrant 1989

The State of New Hampshire

To the inhabitants of the Town of Ashland in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Ashland High School Gymnasium in said Town on Saturday, March 18, 1989 at 1:00 PM to act upon the following articles.

NOTICE: Town Officers to be elected at the General Town and School Election to be held at the Ashland Fire Station from 9:00 AM to 7:00 PM on Tuesday, March 14, 1989.

ARTICLE 1. To see if the Town will vote to amend the Zoning Ordinance of the Town of Ashland as recommended by the Board of Selectmen by approving the following amendment:

AMENDMENT TO ZONING ORDINANCE

1. Elimination of Home Businesses as Permitted Uses in the Village Residential District and Rural Residential District.

a) amend section 2.2c by deleting the line "home businesses that comply with the standards in 5.6 and the definition in Article 10" from the last sentence. The section would then read as follows:

2.2c Village Residential This district provides for residential neighborhoods that are adjacent or close to commercial areas, schools, and fire and police protection. Areas designated as "Village Residential" are generally served by public water and sewer lines. The following uses are permitted:

- single and two family dwellings.
- multi-family dwellings
- accessory uses (garages and outbuildings)

b) amend section 2.2d by deleting the line "home businesses that comply with the standards in 5.6 and the definition in Article 10" from the last sentence. The section would then read as follows:

2.2d Rural Residential This district provides for low to medium density rural living, open space, and the protection of environmentally sensitive area (such as wetlands, floodplains, poor soils, and steep slopes). The following uses are permitted:

- single and two family dwellings
- multi-family dwellings with no more than six units per structure
- cluster residential development
- a mobile home on an individual lot
- agricultural, forestry, and farming uses
- accessory uses (garages and outbuildings)

c) amend section 4.3 by deleting section 4.3e, which now reads “4.3e The on premise signs for home businesses in the Village Residential and Rural Residential Districts shall not exceed eight square feet in area.”

d) amend section 4.3 by renumbering present section 4.3f as 4.3e, and by renumbering present 4.3g as 4.3f.

e) amend Article 5 by deleting the entire section 5.6 (including subsections 5.6a through 5.6f). The section to be deleted reads as follows:

5.6 Home Businesses Home businesses permitted in the Village Residential District and the Rural Residential District shall comply with the following standards. Businesses in these districts that do not comply with these standards (save for agricultural, forestry, and farming uses permitted in the Rural Residential District) are allowed only with a special exception granted by the Board of Adjustment.

5.6a The business must be conducted within the dwelling by the residents thereof.

5.6b No more than two persons, other than family members, may be employed in the business on the premises in the Village Residential or Rural Residential District.

5.6c The business shall not materially affect the residential character of the building or the area. There shall be no external evidence of the business, except for the signs permitted in 5.6d and the outside parking of no more than two registered business vehicles.

5.6d The on-premise signs for the business shall not exceed eight square feet in area.

5.6e There shall be no outside storage of materials or equipment used for the business.

5.6f There shall be no outside parking of vehicles defined in NH RSA 259 as Bus, Combination Vehicle, Motor Truck, Semi-trailer, Tractor-trailer, and Truck-tractor.

f) amend Article 10 by deleting the definition "Home Business." The section to be deleted read as follows:

Home Business — Any business (including professional or service businesses, cottage industries, and home occupations or trades) conducted within a dwelling by the residents thereof which employs no more than two persons other than family members and which does not materially affect the residential character of the building or area.

(The Planning Board disapproved of this amendment by a vote of four to three.) (This article appears on the Official Town Ballot.)

ARTICLE 2. Shall we adopt the provisions of RSA 80:58-86 for a real estate tax lien procedure? These statutes provide that tax sales to private individuals for nonpayment of property taxes on real estate are replaced with a real estate tax lien procedure under which only a municipality or county where the property is located or the state may acquire a tax lien against land and buildings for unpaid taxes. (Petitioned by Ten or More Legal Voters) (Vote by Written Ballot)

ARTICLE 3. Shall the Town accept the provisions of RSA 53-B:1-11 inclusive providing for the establishment of a regional refuse disposal district, together with the towns of Campton, Danbury, Dorchester, Ellsworth, Groton, New Hampton, Plymouth, Rumney, Thornton, Warren, Waterville Valley and Wentworth, and the construction, maintenance, and operation of a regional refuse disposal facility by said district in accordance with the provisions of a proposed agreement filed with the selectmen? (Vote by Written Ballot)

ARTICLE 4. To see if the Town will vote to appropriate and authorize the withdrawal of thirty-five thousand dollars (\$35,000.00) plus such interest that may accumulate until such withdrawal from the Covered Bridge Capital Reserve Fund to be used for the construction of the Covered Bridge at the Little Squam Bridge Site, or to act on anything relative thereto. (Recommended by the Budget Committee)

ARTICLE 5. To see if the Town will vote to appropriate and authorize the withdrawal of fourteen thousand dollars (\$14,000.00) plus such interest that may accumulate until such withdrawal from the Hicks Hill Reconstruction Capital Reserve Fund to be used for the reconstruction of Hicks Hill Road, or to act on anything relative thereto. (Recommended by the Budget Committee)

ARTICLE 6. To see if the Town will vote to appropriate and authorize the withdrawal of eighteen thousand dollars (\$18,000.00) plus such interest that may accumulate until such withdrawal from the Smith Hill Reconstruction Capital Reserve Fund to be used for the reconstruction of Smith Hill Road, or to act on anything relative thereto. (Recommended by the Budget Committee)

ARTICLE 7. To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of a Highway Truck and to raise and appropriate the sum of fifteen thousand dollars (\$15,000.00) to be placed in this fund, or to act on anything relative thereto. (Recommended by the Budget Committee)

ARTICLE 8. To see if the Town will vote to authorize the establishment of a Capital Reserve Fund (pursuant to RSA Chapter 35) for the future revaluation of the Town and to raise and appropriate the sum of ten thousand dollars (\$10,000.00) toward this purpose, or act on anything relative thereto. (Recommended by the Budget Committee)

ARTICLE 9. To see if the Town will vote to authorize the Board of Selectmen and the Town Manager to negotiate an agreement with Evo J. Gramolini for the construction of a sewer main extension from the old Pease Estate to the Town's main at the junction of River Street and Riverside Drive with no expenditure of town funds, and in the event of successful negotiations to execute a contract for the construction, or to act on anything relative thereto.

ARTICLE 10. To see if the Town will vote to authorize the Board of Selectmen, the Town Manager, and the Superintendent of the Electric Department to negotiate an agreement for a co-generation project with L.W. Packard Co., Inc., or to act on anything relative thereto.

ARTICLE 11. To see if the Town will vote to authorize the Board of Selectmen to appoint a committee consisting of seven members to study the needs of the Ashland Landfill to include a recycling program, or act on anything relative thereto.

ARTICLE 12. To see if the Town will vote to authorize the Board of Selectmen to appoint a committee consisting of seven members to study the needs of the Ashland Fire Department, or to act on anything relative thereto.

ARTICLE 13. To see if the Town will vote to authorize the Board of Selectmen to borrow such sums in anticipation of taxes, from such sources, upon such terms and conditions as it deems advisable and prudent for the operation of the Town, and to execute such documents on behalf of the Town as may be reasonably necessary to accomplish this purpose, or to act on anything relative thereto.

ARTICLE 14. To see if the Town will vote to authorize the Board of Selectmen to apply for, receive and expend without further vote of the Town, Federal and State grants which may become available during the course of the year, and also to accept and expend money from any government units or private sources to be used for purposes for which Towns may legally appropriate money; provided (1) that such grants and other monies do not require the expenditure of other Town funds not specifically appropriated for the particular purpose for which the grant or other monies are received, (2) that a public hearing shall be held by the Board of Selectmen, and (3) that such items shall be exempt from all the provisions of RSA 32, relative to limitations and expenditures of Town monies, all as provided by RSA 31:95-b, or to act on anything relative thereto.

ARTICLE 15. To see if the Town will vote to authorize the Board of Selectmen to transfer tax liens and convey property acquired by the Town of Ashland by Tax Collector's Deed, by public auction or advertised sealed bid or in such manner as determined by the Board of Selectmen as justice may require as provided by RSA 80:42, or to act on anything relative thereto.

ARTICLE 16. To see if the Town will vote to authorize the prepayment of property taxes and to authorize the Tax Collector to accept such prepayment as provided by RSA 80:52-a, or to act on anything relative thereto.

ARTICLE 17. To see if the Town will vote to authorize the Board of Selectmen to sell surplus or obsolete supplies and equipment by public auction or sealed bid or to transfer items of historical significance to the Ashland Historical Society without further vote of the Town, or to act on anything relative thereto.

ARTICLE 18. To see if the Town will vote to accept the Reports of its Boards, Commissions, Committees, and Officers for the year 1988 subject to the correction of errors when and if found, or to act on anything relative thereto.

ARTICLE 19. To see if the Town will vote to raise and appropriate the Town Budget as submitted by the Budget Committee, or to act on anything relative thereto.

ARTICLE 20. To transact any other business which may legally come before said meeting.

IN CASE OF FIRE

Dial 1-524-1545

1. Report kind of Fire
2. Report location of Fire
3. Give your name and telephone number to the Fire Department Operator who answers your call.

SPEAK SLOWLY AND DISTINCTLY

When ringing a fire alarm box - be sure to stay at box location to direct Fire Department to fire location.

Signal 12 one minute intervals blown three times indicates water to be shut off within 30 minutes.

Signal 2 at one minute intervals blown three times indicates water is back on again.

No School Signal — 23 sounded at 7:00 A.M.

“Delayed School” and “No School” Announcements will be made from radio stations WLNH and WEMJ, Laconia, and WPNH, Plymouth, between 7:00 & 7:30 A.M.
